

# 4 Key Reasons to Become a Co-op Partner

Sign-up Form

## Innovation

Students will introduce innovative ideas to employers, bringing with them novel perspectives and approaches.

## Talent Acquisition

Becoming a Co-op Partner allows employers to poach high-calibre individuals at an early stage and begin investing in young talent, as part of the company's long-term graduate recruitment strategy.

## Mentorship

Employers can closely observe and form a holistic evaluation of a potential full-time staff member for around eight months, reducing the costs and risks while developing the company's mentoring capabilities.

## Corporate Image

Employers can enhance their corporate image by providing students with job training opportunities and augment their reputation on campus.

# Join us in Creating Co-op Opportunities

Interested in becoming a Co-op Partner to gain access to a wide pool of CUHK talent?

Please contact our Career Services Manager anytime.

- 1 Provide a competitive pay and other forms of benefits (sick leaves and paid holidays)

Co-operative Education Programme

# CUHK

## A Triple Win for Employers, Students and the University

### What is Co-op@CUHK?

At The Chinese University of Hong Kong (CUHK), we believe that our mission as educators is to set our students up for success, not just within classroom walls, but beyond.

In a fast-changing and increasingly competitive world, CUHK's Co-operative Education Programme (Co-op@CUHK) is an academically accredited programme tailored for ambitious and driven students to jumpstart their career exploration.

Through around eight months of valuable paid work experience alongside CUHK's bespoke courses, Co-op gives students the opportunity to build up their technical soft skills, industry insights and professional networks while earning their degree.

**1** Employers enhance and propel young talents' education, while enjoying the unique advantages of being Co-op Partners.

**2** High potential students hone their competitive edge by applying their classroom knowledge to two semesters of full-time work experience.

**3** The University supports entrepreneurship and experimental learning in launching Co-op.
